

Heated Humidifiers

HC150 Heated Humidifier with Ambient Tracking®

The HC150 adds heated humidification to standard CPAP therapy, maintaining mucosal hydration and preventing discomfort. The HC150 is equipped with Ambient Tracking®, an auto-adjusting heated humidifier that maximizes humidity and minimizes condensation to deliver a more comfortable therapy.

The HC150 can be used with any CPAP or bi-level system.

Recommended for use with the 900HC105 Starter Kit.

Specifications	Description
Dimensions	2.1" x 5.2" x 5.7" 54mm x 132mm x 146mm
Weight (with Chamber)	1.8 lbs (0.8kg) with chamber
Chamber Capacity	450/480ml to recommended fill level
Electrical Rating:	Model available for all major mains voltage
• Voltage supply	
• DC inverter compatible
